Good evening everyone

Today we started our shift a bit busy. We did our morning wake up calls throughout the district. We continue to recive calls for service all were taken care of in a timely manner.

Approximately around 9:00am our officers Vega and Guzman detainment. There was a guy who was standing on the corner of 6th and spring waiting for the crosswalk when a random 5150 individual punched him for no reason. The individual flagged our officers down and told them that he wanted to press charges. Our officers got the PPA form signed and detained the 5150 individual. LAPD Officers Ugarte 41337 and Toris 2847 responded to this matter. Incident #160831001454. No further activity to report.

Respectfully
